2
THE EDINBURGH REVIEW (Whig.)
3
THE NORTH BRITISH REVIEW (Free Church.)
4
THE WESTMINSTER REVIEW (Liberal.)
5
BLACKWOOD'S EDINBURGH MAGAZINE (Tory.)

These Periodicals ably represent the three great political parties of Great Britain—Whig, Tory and Radical—but politics forms only one feature of their character. An organ of the most profound writers on Science, Literature, Morality and Religion, they stand, as they now have stood, unrivalled in the world of letters, being considered indispensable to the scholar and the professional man, while to the intelligent reader of every class they furnish more correct and satisfactory record of the current literature of the day, throughout the world, than can be possibly obtained from any other source.

THE HATCH HOUSE,

Main Street, Bangor, Maine.

This House has been thoroughly repaired, refitted and refurnished throughout with New Carpets, Furniture, Beds and Bedding, and is now open for the reception of company, under the charge of the subscriber.

It is a large, commodious, and well furnished House, situated on Main Street, near the centre of the city, and within a short distance of the Steamboat Wharves and the Depot of the P., S. & B. Railroad, to and from which Coaches are always in readiness to convey passengers.

Its numerous advantages to strangers, and particularly to those visiting the city on business or for pleasure, renders it one of the most desirable Houses in the city.

Connected with the House is a large and commodious Stable, in charge of competent and faithful hostlers.

By strict personal attention to the comfort of his guests, the proprietor hopes to receive a liberal share of patronage.

Hitchcock's Combination Suction and Force Pump!

FOR SALE, a new kind of PUMP—suction and force—different from any thing now in use, for durability, &c. You can draw water from a deep well and force it to any part of your buildings at the same time, in case of fire or any other exigency. You can have it with or without the forcing part. Any person with a jack-knife, can do all the repairing that it will need for twenty years, as it will not get out of order and is not liable to freeze up like other Pumps. It has received the first premiums at four State fairs, and numerous county fairs.

It may be examined at the Tin Shop of P. B. MILLS, Exchange street, Bangor, where I shall remain for a few weeks. Rewriights for sale.

Such times as the present should rouse every business man, with a family dependent upon him, to consider what the condition of those he loves, might be should he be suddenly taken away by death. All can see fully notice the uncertainty and instability of fortunes made in business. The millionaire merchant of yesterday is to-day the insolvent debtor. To guard against such reverses let every man insure his life for the benefit of his family; which insurance cannot be disturbed by his creditors. The Mutual Benefit Life Insurance Company offers security and advantages not surpassed by any institution in the country—its investments are in first bonds and mortgages on real estate worth more than double the amount loaned. One half of the Premium on Life Policies may be paid by note bearing 6 per cent. interest. Dividends are declared annually to those who have paid two Life premiums—there are no stockholders to take any of the profits which rightfully belong to those who are insured for life.

Prospectuses, statements and applications will be furnished (without charge) and all information desired will be given by the undersigned Agents.

N. B. Persons residing in any portion of the country, desirous of insuring their lives, will be supplied with all the necessary papers and with minute instructions to enable them to make application by addressing the undersigned.

PATENT AGENCY.

SAMUEL COOPER,

Late Principal Examiner of Patents in the United States Patent Office, at Washington,

HAS REMOVED HIS OFFICE TO

WEBSTER BANK BUILDING,

12 Exchange Street, Boston,

PATENTS secured in the United States, and in all other patent-granting countries. Specifications and drawings prepared. Caveats filed. Reports of inventions procured, of applications that have been rejected upon imperfectly prepared papers. Interferences prosecuted. Re-issues and extensions procured, and in general, all business connected with the Patent Office transacted with care and promptness.

British and other foreign patents procured thro' prompt and confidential agents in London and Paris.

Persons residing at a distance may obtain all necessary information, and have their business transacted, by writing to the subscriber, without the trouble and expense of a visit to Washington.

He begs leave to refer those unacquainted with him to the following testimonials:—

From the Hon. Charles Mason, Commissioner of Patents.

U. S. PATENT OFFICE, Feb. 22, 1855.

I take great pleasure in saying that during the time I have been acting as Commissioner of Patents, Samuel Cooper, Esq., of Boston, has been engaged as Solicitor, and has been in that capacity in constant correspondence and intercourse with the Office. he has evinced a thorough acquaintance with the Patent Law, and with the rules and practice of the office, a close attention to the interests of the clients, and a marked candor and courtesy that has rendered the transaction of business with him a pleasure. I have no hesitation in stating that I regard him as one of the very best agents for the transaction of business with the Office with whom I am acquainted.

CHARLES MASON, Commissioner.

From the Examiners of the Patent Office.

The undersigned, Principal and Assistant Examiners in the United States Patent Office, have for several years been well acquainted with Mr. Samuel Cooper, late a principal Examiner in this office, and take pleasure in stating that he is a gentleman of the highest moral character, of unquestioned knowledge in the business and practice of the office, and that his scientific attainments are such as eminently fit him for the business in which he is about to engage.

New England Trace Coupling Company.

STATE RIGHTS FOR SALE.

WE are now exhibiting this desirable invention to the public. The Patent Trace Coupling is an article which needs only to be seen to be appreciated and universally adopted. By this Coupling the Trace is attached to the whiffletree *instantaneously, without seeing the hands, cannot be disconnected by accident;* is stronger and more durable *than any other attachment now in use*, and makes what is so desirable in a fine carriage, an *excellent finish.*

The Couplings are manufactured of different materials, from the common Rubber to the *finest silver plate*, and can be supplied at a *lower cost* than any of the kinds in now used for that purpose, leaving a margin for an *immense profit.* Any person with a moderate capital can soon realize a fortune in its sale.

We are prepared to furnish the Couplings, of the different grades and costs, in quantities as desired, to those only who purchase State rights.

The Coupling may be seen at the office of the Company, where a scale of prices may be obtained, and all communications must be addressed to "The New England Trace Coupling Company," *Basement No. 3, Old State House, Boston.*

HIGHLY IMPORTANT DISCOVERY.

Pousel's Pabulum Vitæ

Has now gained its position before the public as

THE ONLY REMEDY

yet discovered for the speedy relief and permanent cure of

CONSUMPTION,

Coughs, Colds, Hoarseness, Bronchitis, and all other Pulmonary Complaints.

The discovery of an eminent French Physician after many years of study and observation, it continually meets with the most

ASTONISHING SUCCESS

in the treatment of the above complaints.

Its unabated popularity, unless upon certificates of remarkable cures, the recommendation of some of our most eminent physicians, and the analysis of Dr. A. A. Hayes, the State Assayer, all give convincing proofs of

THE UNRIVALLED VIRTUES

And Unquestioned Superiority

of this preparation to any other remedy now extant, and are constantly contributing to give it a wider and more extensive reputation. From its volatile nature, it affords vapors freely, and consequently is DIRECT IN ITS ACTION UPON THE LUNGS AND AIR PASSAGES.

The discreet which has been thrown upon all preparations not prescribed by learned physicians, by reason of the recklessness with which worthless and impurious compounds have been imposed upon the public, will tend to give many fears in availing themselves of the benefits of this preparation, the agent, however, considers it a duty, in all sincerity, that this medicine is *purely vegetable, and free from alcohol*, and recommends it as *perfectly safe, and free from all deleterious properties*, but guarantees, but contends for the real that he represents, not in the least of a single case where it has failed to give satisfaction.

It is warranted to cure

Consumption by using One to Six Bottles,
Bronchitis by using One to Three Bottles,
Coughs by using less than One Bottle,
Colds by using less than One Bottle,
Bleeding of the Lungs by using less than One Bottle,
Hoarseness by using less than One Bottle,
Soreness of the Chest by using less than One Bottle.

Price $3 per bottle, accompanied with a Treatise. For sale by

A. J. LAFORME, Sole Agent,
No 5 Milk Street,

And by all respectable Druggists and Apothecaries in the United States and British Provinces. may29'58 dly

THE CRYSTAL OIL LAMP,

For Burning the Crystal Oil,

Combining Economy and Safety!

PATENT RIGHTS

FOR STATES & COUNTIES FOR SALE

This important invention for producing the *cheapest* light in the world, is now presented and offered to the public. Numberless experiments have been made to produce a cheap light, but were attended with such incident of serious as to destroy their utility and adoption. But the Crystal Oil Lamp, while it is the *cheapest* in both safe and reliable in every position, making a *clear, white and brilliant flame*, entirely free from *smoke or odor*. There is no danger from explosion, but is *perfectly safe* under all circumstances. The oil can be used in any place without fear of soiling the nicest garments. The lamps are *simple*, arranged and *perfectly controllable* by the children and domestics, and so connected that the light can be varied in a moment from its full power to eighteen or twenty ordinary lamps. While it is free from the disagreeable smell arising from the Kerosene, and the danger attending the use of burning fluid, it is found upon scientific comparison to produce

As much LIGHT for ONE CENT as Kerosene will for Three Cents, or Burning Fluid will for Six Cents.

Thus saving five-sixths of the entire amount now expended, or the price of the lamp in about a month. They are adapted to all situations, making the cheapest and most desirable light for every place—the largest halls or churches as well as private dwellings. The patent on the lamp for the different States and Counties throughout the Union, with the exclusive sale of the Crystal Oil, is now offered to the public, presenting a rare opportunity for merchants to secure for themselves the monopoly of a trade entirely free from opposition. Factories are completed for the manufacture of the lamps in such quantities that they will be furnished to the purchasers of rights in any style, at such a cost as will yield an almost incredulous profit. These rights will be closed off immediately, and the lamps and oil delivered as soon as desired. As no lamps or oil will be sold to any but purchasers of rights all letters making the request will not be noticed. Communications addressed to the "Crystal Oil Lamp Co.," No 5, Merchants Row, will be promptly attended to

A GOOD LETTER.—The following letter from the "gallant Harry of the West," the old Whig leader, the practical American Statesman, has recently been published, for the first time. It was written during the depressed times of John Tyler's Administration, but is equally applicable to the present unfortunate state of the nation

"ASHLAND, 6 h April, 1842.

DEAR SIR:—I received your favor dtd. con-cur with you in all that you have said about the ills of the country and the causes of them. They originated at Washington and the remedy ought to come from the same place, but, during the present administration, we are not allowed to hope for such. In the mean time, the only alternative left to the people is in their industry, economy and frugality. The savings of one family, in the course of a year, are not much, but when seventeen millions of people are all at the same time practicing economy, the aggregate of their savings in that time is immense. The people being unable to consume foreign commodities, the importations are small, and specie is flowing into the country through all its great inlets. The effect will be to augment its circulation both of specie and of bank notes redeemable in specie; and I think in the course of the year we shall begin to feel the salutary influence of this state of things.

I thank you for your invitation to visit Illinois, but I regret that I cannot promise myself that satisfaction

With great regard I am yours truly,
JAMES WALWORTH, Esq. H. CLAY.

Ventilation and Change of Air.

Next to frequent bathing, and habits of personal cleanliness, nothing is more important, in the science of life, than proper ventilation and frequent change of air. Diddeley's, or any other maxims, in the economy of human life, would be most justly imperfect without the most strenuous injunctions on this important point.

Dr. Darwin one day at Nottingham, England, assembled a large crowd around him, and, standing upon a tub, thus addressed them: 'Men of Nottingham, listen to me—You are ingenious and indefatigable tradesmen. By your industry life's comforts are secured for yourselves and families. If you lose your health, the power of being industrious will forsake you. That you know. But you do not know that to breathe fresh and changed air constantly is not less necessary to preserve health than sobriety itself. Air becomes unwholesome in a few hours if the windows are shut. Open those of your sleeping rooms whenever you quit them to go to your workshops. Keep the windows of your work-shops open whenever the weather will not injure you by cold. I have no interest in giving you this advice. Remember that I, your countryman and a physician tell you. If you would not bring infection and disease upon yourselves, and to your wives and little ones, change the air you breathe—change it many times a day, by opening your windows.'

THE NEXT PRESIDENT.—The aristocratic Boston Courier has at last found a suitable candidate for the next President. It is a capital choice for the Courier. Let snobdom rejoice. Its candidate is Rarey, the horse tamer.

CITY FIRE INSURANCE COMPANY.—We call attention to the advertisement of the City Fire Insurance Company Hartford. Mr. Howard, agent for the Company, at his store on Exchange St., will furnish information in relation to the rules of the Company, their business, &c., which will be entirely satisfactory to the insurer

We are indebted to Mr Joseph Forbes of this city, for California papers.

THE "ONE LOG CABIN" DEMOCRAT.—The Cincinnati Gazette of Monday reports the total destruction of Gen Harrison's famous log cabin at North Bend. It was occupied by Gen Wm. H. H. Taylor, (who married a daughter of Gen Harrison,) and family, and such was the rapid progress of the fire and so late was its discovery, that the members of the household barely escaped in their night clothes

Of course nothing was saved in the way of furniture or documents, and the probability is that many valuable papers left by President Harrison, together with articles cherished as relics of the Old Hero, and of the early history of the West, have been destroyed with the building. The oil portrait of Mrs. Harrison in existence, (painted by Brandt,) with two or three of the General, taken at different periods of his life, are also probably destroyed.

SEARCHING FOR HIDDEN TREASURE.—Mr Marble, the hero of Dungeon Rock, still continues his explorations for treasure. He has now been at work some six years, and has made an entrance into the rock of about eighty feet. His little cottage is daily visited by spiritualists from all sections of the country and the work of excavating is carried on under the guidance of spirits, who point out to Mr the direction, with the assurance of ultimate success. He certainly deserves it.—*Lynn News.*

A CURIOSITY.—One of the oldest of reliable watches we remember ever to have seen, is on exhibition in the window of Palmer & Hasselden's, 91 West nagier street. It was made some one hundred years ago, is nearly round, and has but one hand. The rude specimen of art, when compared with the beautiful watches made at the present time lying by its side in the same window, shows the great perfection to which the science of watch-making has attained at the present day.—*Boston Post.*

TELEGRAPHIC

TO THE DAILY WHIG AND COURIER

LATER FROM EUROPE.

ARRIVAL OF THE

HAMMONIA,

AT NEW YORK.

New York, July 30

The screwship Hammonia arrived this afternoon with Southampton dates of the 16th, and London papers of the 17th.

Consols 93¼ a 95¼ for money, and 95¼ a 95¼ for 5th of August.

There is very little news.

The Ottoman government has, besides the punishment it is to inflict on the authors of the massacre at Jeddah, offered $ 8 in gold, 150,000 francs to the families of the English and French consuls who were assassinated.

Preparations were making for the grand jubilee throughout France on Napoleon's birthday August 15

The liberal leaders in Spain have issued a manifesto in favor of the O'Donnell government.

The Paris correspondent of the Augsburg Gazette states that diplomatic relations would probably have been renewed between England and Naples had it not been for the French government.

A mutual understanding is reported between Austria and the Roman Catholic hierarchy.

On the 8th hostilities recommenced between the Montenegrins and Bagulis in Bosnia and no less than 3000 of 4000 Christians crossed the frontier into Austrian Croatia. More violent conflicts are rumored.

At Warsaw it is publicly related that there will soon be a general rising in European Turkey, and the presence of so large a Russian force in Poland is said to be to counteract the influence of Austria.

The Russians have received severe checks in Daghestan and Lesghistan. After storming some fortified positions they were surprised by the Circassians, and lost 1800 guns and eight guns and retreated in great disorder.

SECOND DESPATCH.

From Washington.

Washington, July 30.

Official advices from China confirm the recently received intelligence that the Emperor of China has appointed an official of a satisfactory rank to confer with the peace commissioners there. This is regarded at Hong Kong as an important step towards an amicable arrangement of the difficulties between the contending parties.

The railroad company with whom a contract was made to carry the mails between Washington and New Orleans in four days, commencing with the present month, have not yet commenced the service within that time. This in all probability will engage the attention of the Postmaster General when he returns to Washington. It is caused partly by a deficiency in the means of transportation over about 50 miles of the country, between the unfinished railroad at Goodman's depot and Warrenton Valley Mine Supply.

The U. S. sloop of war Dale was at Santa Cruz on the 9th of June. Commander Blair reports to the Navy Department that the officers and crew are in good health, and that of the 107 passengers on the sick list, two died.

The Vincennes had returned to Port Praya and the Marion had gone south.

Mr. Nugent the special agent to New Caledonia will leave New York in the California on the 5th of August. His instructions are a course of preparation. He will take commissioners from Lord Napier to Governor Douglas.

According to dispatches by telegraph, Body Floyd will inspect Harper's Ferry to-morrow, and resume business at the War Department on Monday.

The secretary of the Interior is expected to return from Mississippi to-morrow.

The southern mail as late as due is received.

The steamer Isabel at Charleston from Havana reports that the sloop of war Jamestown was spoken off Havana with thirty to forty cases of fever on board, and that she was bound for New York.

Nominations.

Cincinnati, July 30.

The Democratic State Convention of Ohio met at Columbus yesterday, and nominated Thomas W. Bartley Supreme Judge, Isaac Ward Attorney, Gen S. W. Gibson Comptroller and R. A. Hendrickson Member of the Board of Public Works.

John Sherman has been unanimously nominated to Congress by the Republicans of the 13th District of the State.

The Democratic Convention of the 6th Congressional District of Indiana has nominated Martin Gray.

From New York.

New York, July 30.

The friends of Gerrit Smith held a preliminary meeting on Wednesday, to make arrangements for the Convention called at Syracuse last week. Mr. Smith was present and addressed the meeting. He announced his intention to accept the nomination, provided the convention making it should be a large one and he has reason to believe it will be a success movement; but to reject it if the Convention should prove small and lacking in earnestness and devotion to the great question of anti-slavery.

James Kelly was hung this afternoon at Brooklyn for the murder of his wife.

The U. S. mail steamship Isabel has arrived here with Havana dates to the 28th inst. The bark Nancy, that was seized by the authorities of Havana had been released, having a split mainyard on board, and she was reloading for Africa.

Philadelphia, July 30.

The schr Ann Eliza Pickerell, for Philadelphia, capsized this afternoon off Chester, during a squall. Capt Livingston's wife and infant child were drowned. The captain, his mother-in-law, children and the crew were saved by the boat of another ship.

California Steamers,

Carrying the United States Mail.

5th and 20th of each month.

Through Tickets, including transit of the Isthmus, viz. Panama R. R.,

By order of the Postmaster General, the United States Mail Steamers will hereafter be despatched from New York direct to Aspinwall, on the 5th and 20th of each month.

Passengers are landed at the Railroad Depot, Aspinwall, and conveyed across to the Pacific Steamers *without any extra expense*. This is the only line giving entire Through Tickets, including meals, on the Isthmus.

Transit made in *four hours, entirely by daylight*, thus avoiding the great exposure of night in open boats to fever and ague, and 200 miles of dangerous lake and river navigation over rocks and shoals.

Arrangements have now been completed so that the regular U. S. Pacific Mail Steamer will leave Panama for San Francisco immediately on arrival of the Atlantic Mails and passengers, thus delivering passengers in the Mail Line a sure and short passage without any detention on the Isthmus.

If Tickets must be signed by one of the Company's Agents before they will be recognized by the Agent at Panama, and tickets can only be correctly obtained of the only *authorized Agent* for this Atlantic and Pacific Mail Steamship Companies, at this city. C. L. HARTLETT, Agent,

No 16 Broad Street, Boston.

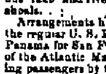
Summer Arrangement.



The Steamers LEWISTON, Capt. Geo. Knight and the FOREST CITY, Capt. F. A. Prince will run as follows:

Leave Atlantic Wharf, Portland, every Monday Evening, Wednesday, Thursday, and Friday, at 7 o'clock P. M., and Central Wharf, Boston, every Monday, Tuesday, Wednesday, Thursday, and Friday, at 5 o'clock P. M.

Fare in Cabin,	$1,25
Fare on Deck,	1,00

Freight taken as usual.

Each Boat is furnished with a large number of State Rooms, for the accommodation of Ladies and Families; and travellers are reminded that by taking this Line much saving of time and expense will be made, and the disagreeableness of arriving in Boston at late hours or the night will also be avoided.

The Boats arrive in season for the passengers to take the earliest trains out of the city.

The Company are not responsible for baggage to any amount exceeding $50 in value, and that personal, unless notice is given, and paid for at the rate of for a passenger for every $500 additional value.

American & Foreign Patents.

R. H. EDDY,

Solicitor of Patents.

(Late Agent of U. S. Patent Office, Washington under Act of 1837.)

76 State Street, opposite Kilby-st.,

BOSTON.

AFTER an extensive practice of upward of twenty years, continues to secure Patents in the United States, also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents executed on liberal terms, and with despatch. Research made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters concerning the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that my business is MORE SUCCESSFUL AT THE PRESENT OFFICE than at the former, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at neither office of this kind are the charges for professional services as moderate. The extensive patronage of the subscriber, during twenty years past, has enabled him to accumulate a valuable collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of Patents granted in the United States and Europe, enable him, also, beyond question, to offer superior facilities for obtaining patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved invariably.

—TESTIMONIALS.—

"During the time I occupied the office of Commissioner of Patents, R. H. Eddy, Esq., Boston, did business at the Patent Office, as a solicitor for procuring patents. There were few, if any, persons in that capacity who had so much success before the Patent Office, and none were more conducive to such more skill, fidelity and success. I regard Mr. Eddy as one of the most learned and most faithful Patent Solicitors in the United States, and have a confidence in assisting inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure to them as early and favorable consideration at the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents.

[From the present Commissioner.

"I core H. Eddy, Esq., of the late Patent Office, is one of the most experienced Patent Solicitors in the United States, has been attentively engaged in the transaction of business at the Office, as a solicitor, for a number of years, and is well versed in the law, and the rules and practice of the office. I regard him as one of the most reliable and successful practitioners with whom I have had official intercourse. CHARLES MASON,

American Safety Paper

Manufacturing Company of N. Y.

Capital $500,000.

A. NICHOLAS, President. Office, 70 Wall st.

A Perfect Security against all manner of Fraud or Counterfeiting on Paper—To Prevent Photographs and Ansatute Counterfeits Erasures, Transfers or Alterations!

HAVING purchased the Patent for the exclusive right to manufacture and sell the Chemical Paper in North America, Canada and Europe, in England by HENRY GLYNN, a celebrated artist, and officer in the British army, it is hardly necessary to say that the Paper is recommended by Mr. Kent, Assayer of the U. S. Mint, Mr. Jones of the New York Clearing House and Messrs. Brett & Co., Artists, and all first photographers, 233 Broadway, N. Y. The latter state "that no fraud can be made on a check or bank note printed on the Safety Paper." Below is our list of prices:

Bank Checks—35 cts. per lb.
Bank Bills—$18 per 1000 sheets.
Bills of Exchange—$25 for 1000 sheets.
Promissory Notes—40 cts. per lb.
Bill and Time Drafts—$25 for 1000 sheets.
Insurance Policies—40 cts. per lb.
Railroad Stocks and Bonds—40 cts per lb.
Bank and State Bills—40 cts. per lb.
Bonds and Mortgages—40 cts. per lb.
Wills and Deeds—40 cts. per lb.

For wrapping Gold and other fine articles it is excellent, as it prevents metals from tarnishing.

For Indentures and Agreements—40 cts. per lb.

All state and County Records should always be printed or written on this paper, as the chemicals inserted in the pulp not only prevents erasure or transfer, but renders it lasting as stone.

For Stationery purposes it is equally valuable, and much superior to any other; as the moisture in the ink or pencil does not destroy it,—the properties inserted in the pulp being a preventive. In all the Southern States, Cuba, the West Indies, and the Central American States, no public records are kept over 20 years, written on the ordinary paper, which in this and other chemicals inserted in this paper makes it indestructible by the ravages of time. It is also proof against moths, rats and or any vermin, which at least do and destroy all other paper of its use.

The Company have now in operation, Mills in Morris County, N. J., of about 300 horse power, and are able to fill all orders for Paper at the shortest notice.

All orders for the Paper must be addressed to A. NICHOLAS, President of the Company, No. 70 Wall Street, New York.

To Mechanics, Inventors, and Manufacturers.

IN announcing the THIRTEENTH Annual Volume of the SCIENTIFIC AMERICAN, the Publishers respectfully inform the public that in order to increase and stimulate the formation of clubs, they propose to offer

One Thousand Five Hundred Dollars in Cash Premiums,

for the fifteen largest lists of subscribers sent in by the last of January, 1859, said premiums to be distributed as follows—

For the largest list $100; 2d, $250; 3d, $200; 4th, $150; 5th, $100; 6th, $90; 7th, $80; 8th, $70; 9th, $60; 10th, $50; 11th, $40, 12th, $35; 13th, $30; 14th $25; 15th, $20.

Names of subscribers can be sent in at different times and from different post offices. The cash will be paid to the orders of the successful competitors immediately after the 1st of Jan., 1859.

Southern, Western, and Canada money will be taken for subscriptions. Canadian subscribers will please to remit twenty-six cents extra on each year's subscription to prepay postage.

Terms.—Single Subscription—Two Dollars a year, or One Dollar for Six Months.

Club Rates—Five Copies for Six Months, $4; Five Copies for Twelve Months, $8; Ten Copies for Six Months, $8; Ten Copies for Twelve Months, $15; Twenty Copies for Twelve Months $25.

For all Clubs of Twenty and over the yearly subscription is only $1,40.

The new volume will be printed upon fine paper, with new type.

The general character of the SCIENTIFIC AMERICAN is well known, and as heretofore, it will be chiefly devoted to the promulgation of information relating to the various *Mechanical and Chemical Arts, Manufactures, Agriculture, Patents, Inventions, Engineering, Mill Work*, and all items which the light of Practical Science is calculated to advance. It is issued weekly, in form for binding. It contains annually from 500 to 600 finely executed Engravings, and notices of American and European improvements, together with the Official List of American Patent Claims published weekly in advance of all other papers.

It is the aim of the Editors of the SCIENTIFIC AMERICAN to present all subjects discussed in its columns in a practical and popular form. They will also endeavor to maintain a candid fearlessness in combatting and exposing false theories and practices in Scientific and Mechanical matters, and thus preserve the character of the Scientific American as a reliable Encyclopedia of Useful and Entertaining Knowledge.

Specimen copies will be sent gratis to any part of the country.

BOARD OF DIRECTORS.—Ward Cowing, William A. Bradford, Samuel B. Darling, Edward B. Perry, George W. Hall, F. C. Gardiner, Obed P. Miller, Thomas A. Doyle, William B. Ryder, George Cleveland, Philip Ryder.

THIS Company Insures against Loss or Damage by Fire, on Stores, Merchandise, Dwellings; Mills, Manufactories, Hotels, &c; also on Marine and Inland Transportation Cargo Risks at the ordinary rates of premium.

Losses Promptly and Equitably Adjusted and Paid.

All premiums are made specific when Policies are issued, and are to be prepaid in money; and no further assessment is in case of loss is to be made on the parties so insured. The advantages of a Stock System, which precludes the possibility of an assessment, are very obvious.

The Board of Directors have authorized the issues of Policies on country risks, detached on very low terms.

The Company expect to deserve the confidence of the public, by doing business on as favorable terms as any other similar institution, and by the utmost fairness and liberality in all their dealings.

Policies granted and issued to parties effecting Insurance, at once without delay, by the undersigned, at his office,

LINCOLN'S WATER PROOF BLACKING, AND LEATHER PRESERVATIVE.

Keep your Feet dry and you will seldom need a Physician.

IS it not a truth that wet feet are often wet. It is one of the greatest causes of colds and consumption! It a truth that when leather is often wet and dried, it soon becomes hard, stiff, and useless; but when this water-proof is used. By the application of this preservative it remains soft, and entirely keeps out water.

After being engaged for 24 years in the manufacture of Leather in all its branches, and being often troubled with wet feet myself, I was led to experimenting and different compositions, and found it easy to make a water-proof, but at the same time extremely injurious to the leather. At last by a chemical process, I discovered a preparation which perfectly harmonizes with the astringent properties in Shoe leather, rather in tanned. It will last only like a leather water-proof, but it likewise softens the leather, and it will

Preserve it wear twice as long.

I have now used it for three years, and a large part of that time I was working in it, with Chimney, with my boots constantly in water, and I have not had my feet wet during that time. I can therefore in all confidence, recommend it to the public as the best article in the market.

STATE OF MAINE.

LAND OFFICE,
Bangor, May 1, 1858.

IN the discharge of my duty as "Agent to superintend and manage the sale and settlement of the Public Lands" of the State, the following notice is hereby given of the

Terms and Conditions of Sale:

In the Revised Statutes of Maine, Chapter 5 may be found all the provisions of law in relation to

The Sale of Lands for Settlement.

Sec. 23. Out of townships located and designated for settlement, the Land Agent shall, from time to time, select, not exceeding ten in a year, to be offered for sale in lots for settlement; and publish a list of them and of the townships offered for sale and settlement in former years, in which no lands will remain for sale, in some papers in each county in the State in which any papers are published, once a week for three months, within six months after the selection is so made, with the substance of so much of this chapter as relates to the terms and conditions of the sale and settlement of such lands.

Sec. 25. In townships so selected, in which saleable roads have not been located, the Land Agent shall cause such roads to be located as the public interest and the accommodation of the future settlement require.

Sec. 25. The price of the settling lots shall be fifty cents per acre, for which the purchaser shall give three notes, payable in one, two and three years, in labor on the roads in said township, under the direction of the Land Agent. The Land Agent shall thereupon give him a certificate, stating that he has become a purchaser of such lots therein described, and that he will be entitled to a deed thereof, when he complies with the requirements of law. The certificate of the person appointed by the Land Agent to superintend the laying out of the labor on the roads, shall be evidence of the payment of the notes. Only one lot, not exceeding two hundred acres, shall be granted to the same person.

Sec. 26. Besides the payment of the notes, every such purchaser shall be required, within two years from the date of his certificate, to establish his residence on his lot, and within four years from such date to clear, on each lot, not less than fifteen acres, ten at least of which shall be well laid down to grass; and to build a comfortable dwelling house on it.

Sec. 27. If the purchaser fails to perform any of the duties required of him, or to pay his notes, he forfeits all right to the land, and the Land Agent may dispose of it to another person.

Sec. 28. The Land Agent shall appoint some suitable person or persons in the vicinity to inspect and direct the location of settlers, the payment of their road labor, and the performance of their several duties.

Sec. 29. Whoever purchases a lot of wild land of the State, not exceeding one hundred and sixty acres, and complies with the conditions of purchase, may hold it with the improvements thereon, free from attachment and levy on execution, while he remains in actual possession thereof. The value so exempted shall not exceed one thousand dollars, to be set off to the owner in such portion of the lot as he directs, by the appraisers appointed to levy on execution, the same as real estate is set off and appraised on execution.

Sec. 30. On the decease of such purchaser, such lot and the improvements shall descend to his children, subject to the widow's dower, if there is, and shall not be liable to be sold for the payment of his debts, except in case his other property is not sufficient for the payment thereof, and in that case, his children shall have the option, and may compensate therefor, subject to the widow's dower, until the youngest surviving child attains the age of eighteen years. The administrator of the estate, after the life estate of the widow, and after the youngest surviving child attains said age, may be sold as other estates of deceased persons for the payment of such debts as the whole estate of the deceased is not sufficient to pay. If he died without issue, such lot shall descend and be disposed of as any other property.

Sec. 31. No such purchaser, having a wife, shall convey his said lot by deed, unless his wife join therein, and acknowledges it to be her free act and deed, before a proper officer.

Sec. 32. The Land Agent may sell at public or private sale for such price as he considers fair and for the interest of the State all tracts of land owned by the State on islands or in incorporated towns.

Under the provisions of this law, there have been already located and designated for settlement 4, and by former Land Agents selected and published for sale, the following Townships, viz:

Township	Range	Acres	Acres unsold.
11, R. 1,	6	747	21,312
10, T. 1,	10	392	22,800
9, T. 1,	10	2,400	23,040
9, T. 1,	5	5,422	23,040
8, T. 1,	10	21,760	2,633
7, T. 2,	10	14,359	13,093
6, T. 2,	10	19,616	16,777
5, T. 2,	10	16,017	17,423
13, R. 2,	3	23,040	2,520
4, T. 4,	3	22,167	1,413

In addition to the foregoing, there were located and designated for settlement, by a Resolve of the last Legislature, the following townships, viz:—Letter G, R. 1; L and M, R. 2; East half of 2, R. 5; and 5, R. 3; all west from the east line of the State.

These townships will be laited and ready for the market, as fast as the future wants of settlers shall require. The field notes and plans of all the townships which have been laitted for settlement are in the Land Office, open for inspection, where all information within the means of the Agent, to secure to individuals and companies the benefits and privileges intended by the Legislature for *actual settlers*, will be cheerfully given.

The following remedies are as the best, most perfect we afford. Ayer's Cathartic combined with the utmost skill, the virtues of the most powerful of medicines hitherto discovered, do more or less good, but our complaints, so quick and an efficacy and a power to any thing which may be in the morning, the obstructions of the stimulating them into healthy the fountains of life and anew through the body, and again. They are adapted only, for when taken for a little effect. This is it is antagonistic to disease children may take these are sick they will cure it will do them no harm.

Give them to a child with billous complaint, or worse, form of sickness, or a long fast appetite, or a blossom into health, whose full blood has skin is covered with sores to anguish. Give him spirit with every pill, great. Give him these and see the scabs fall from skin that has grown rough that is clean. In short, humors have planted themselves bones; rapid harm, and no too has been worked out by bold with luminous Give them to the feeble, whose gnawing stomach smile from his face and over his appetite returns, the new man and loathsomeness vanish away; want of energy, lurking disease, weakness of digestion, assume their office and health is gone. Give her these pills, principle into removing corrections, and sickness Now bank agent, or lawyer, and when early life, features. For the worst of its wars, as the fruits of and painfully manner, that they cure. In pimples on the face, blotches, tell the dreadful story of the system. Now and then a sore breaks out, or a tumor gathers, these are the cures. Nature, when she is overcome, will throw off disease in this way. Assist her with the right remedy, and the disease is expelled. Let her alone, and she will do it herself, but more painfully and dangerously.

Ayer's Cherry Pectoral

Is the best remedy we can give for Consumption, Bronchitis, Coughs, Colds, Whooping Cough, Croup, Asthma, Hoarseness, Pain in the Side and Breast, Liver Complaint, and for the relief of consumptive patients in advanced stages of the disease. Nothing has ever yet been known to cure so many dangerous lung complaints as this medicine has done. Its wonderful cures of Pulmonary disease are known in almost every community, and there is hardly a man to be found who has not seen some case in his own neighborhood which has been cured by it, or which has yielded to its power when other remedies were entirely powerless. Many eminent physicians have prescribed it in their practice, and clergymen, who have made it known to their congregations, have frequently been requested to publish the prescription. But as we do not wish to make a trade of our medicines, we have not done so. We are now satisfied that the best way we can benefit the afflicted is to furnish them the means of curing themselves, and we therefore give the full directions for making it in our American Almanac, which is furnished gratis to all who call for it.

Ayer's Sarsaparilla

Is a concentrated extract of the best remedy for the cure of all diseases of the blood that can be made. It is combined with other substances of great alterative power, such as actually to purify the blood and the fluids of the body, through the natural channels of secretion. It will remove the foul humors that make you sick, and will give you clear skin and vigorous health. Scrofula, Erysipelas, Ringworm, Tetter, Salt Rheum, Boils, Pimples, Blotches, Sores, Tumors, Ulcers, Dropsy, Neuralgia, Rheumatism, Gout, Syphilis, Mercurial Disease, Dyspepsia, Liver Complaint, Female Weakness, Irregularities and Suppressions, and indeed all the affections which arise from impure blood, are speedily cured by it. Minute directions are given in our Almanac for the treatment of each of these complaints, which we send free to all who call for it.

Ayer's Cathartic Pills

Are the result of many years' labor to produce a perfect purgative medicine. That they have virtues which surpass any thing of the kind we have before known, is the concurrent testimony of all who have used them. Their sugar coating preserves them always sound and fresh in any climate, and renders them pleasant to take. They are purely vegetable, and no harm can arise from their use in any quantity. While they thoroughly purge out the foul humors of the body, they so invigorate the digestive organs as to restore their healthy action. Hence arise the cures they effect of Dyspepsia, Indigestion, Headache, Piles, Rheumatism, Gout, Neuralgia, Erysipelas, Eruptions, Pimples, Blotches, Boils, Tumors, Ulcers, Scrofula, Ringworm, Tetter, Salt Rheum, Scurvy, Dropsy, Liver Complaint, Jaundice, Dysentery, Foul Stomach, Biliousness, Fever, Fever and Ague, Malarial Fevers, and all the affections which arise from a foul stomach or vitiated blood. Being sugar coated, they are easy to take, and are the best aperient in the world for all cases which require the operation of a cathartic medicine. They are the cheapest cathartic we can buy, because they are the most reliable. Every one knows when he takes them what he may expect, and knowing this, he can regulate the dose to his case. STATE OF MAINE.

LAND OFFICE,
Bangor, May 1, 1858.

IN the discharge of my duty as "Agent to superintend and manage the sale and settlement of the Public Lands" of the State, the following notice is hereby given of the

Terms and Conditions of Sale:

In the Revised Statutes of Maine, Chapter 5 may be found all the provisions of law in relation to

The Sale of Lands for Settlement.

Sec. 23. Out of townships located and designated for settlement, the Land Agent shall, from time to time, select, not exceeding ten in a year, to be offered for sale in lots for settlement; and publish a list of them and of the townships offered for sale and settlement in former years, in which no lands will remain for sale, in some papers in each county in the State in which any papers are published, once a week for three months, within six months after the selection is so made, with the substance of so much of this chapter as relates to the terms and conditions of the sale and settlement of such lands.

Sec. 25. In townships so selected, in which saleable roads have not been located, the Land Agent shall cause such roads to be located as the public interest and the accommodation of the future settlement require.

Sec. 25. The price of the settling lots shall be fifty cents per acre, for which the purchaser shall give three notes, payable in one, two and three years, in labor on the roads in said township, under the direction of the Land Agent. The Land Agent shall thereupon give him a certificate, stating that he has become a purchaser of such lots therein described, and that he will be entitled to a deed thereof, when he complies with the requirements of law. The certificate of the person appointed by the Land Agent to superintend the laying out of the labor on the roads, shall be evidence of the payment of the notes. Only one lot, not exceeding two hundred acres, shall be granted to the same person.

Sec. 26. Besides the payment of the notes, every such purchaser shall be required, within two years from the date of his certificate, to establish his residence on his lot, and within four years from such date to clear, on each lot, not less than fifteen acres, ten at least of which shall be well laid down to grass; and to build a comfortable dwelling house on it.

Sec. 27. If the purchaser fails to perform any of the duties required of him, or to pay his notes, he forfeits all right to the land, and the Land Agent may dispose of it to another person.

Sec. 28. The Land Agent shall appoint some suitable person or persons in the vicinity to inspect and direct the location of settlers, the payment of their road labor, and the performance of their several duties.

Sec. 29. Whoever purchases a lot of wild land of the State, not exceeding one hundred and sixty acres, and complies with the conditions of purchase, may hold it with the improvements thereon, free from attachment and levy on execution, while he remains in actual possession thereof. The value so exempted shall not exceed one thousand dollars, to be set off to the owner in such portion of the lot as he directs, by the appraisers appointed to levy on execution, the same as real estate is set off and appraised on execution.

Sec. 30. On the decease of such purchaser, such lot and the improvements shall descend to his children, subject to the widow's dower, if
